Our Mission
To inspire and enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

Our Core Values
• Safe place to learn and grow
• Ongoing relationships with caring adults
• Life-enhancing programming
• Hope & opportunity
• Fun!

Our Purpose:
To promote the social, educational, health, leadership and character development of youth during critical periods of their development.

great futures

A Letter from the President—2020 Annual Report

It’s safe to say that very few were prepared to handle the extreme challenges that 2020 presented. I don’t know anyone who wasn’t terrified when the pandemic first broke out last March. Concern for our own families and friends dominated our thoughts. In addition to the fear of the virus itself, essential needs and protective equipment were flying off the shelves at stores faster than any of us could purchase them for our homes. As we worked our way through the challenges of COVID, friends and family were lucky enough to stay safe, hold onto their employment and not worry about where or when a next meal would come.

It’s hard to imagine the terror that many of the families that we serve at the Boys & Girls Clubs were experiencing. We know that many of our parents and community members were furloughed, lost their jobs or were simply unable to earn a paycheck as everything was in mandatory shutdown. Thousands of children and teens were impacted by the fear of COVID, the lack of resources and the social/emotional toll it took on their young minds not being able to attend school or socialize with friends or extended family members. I am so proud to say that the Boys & Girls Clubs played a huge role in helping take care of so many during this truly difficult time.

As President of the Board of Directors, I was amazed at how the staff executed a remarkable relief effort with so many wonderful partners staged out of our brand-new facility. I was also in awe at how the staff served over 44,888 hot meals, placing themselves at risk, during the original first wave and most horrifying moments of the pandemic. It was amazing that late June, as soon as New York State gave permission, our organization brought young people back safely into the facilities (and the city parks) for a wonderful summer experience. The Boys & Girls Clubs truly played a key role in helping keep families healthy and strong, and provided a renewed sense of normalcy.

A typical letter from the president of the board would quote impressive statistics and talk of a hopeful future. Not this year. This year we need to reflect on how this incredible organization took the lead and worked tirelessly to protect the community.

I could not be more thrilled to be part of the Boys & Girls Clubs of Schenectady. It is my hope that everyone understands the vitally important role this organization plays in the lives of people every day...including those days when times are most difficult.

Anthony Durante

About Us 2020

The Boys & Girls Clubs of Schenectady (BGCS) served youth ages 5 to 18 in sixteen (16) different sites, extensions, city parks and summer camps. The primary locations were in four traditional clubhouses: the brand-new Adeline Wright Graham Club located between Hamilton Hill and Mont Pleasant neighborhoods, Mont Pleasant, Rotterdam and Steinmetz Homes. Other program locations included: five after-school programs in the Schenectady City School District at Schenectady High School, three middle schools- Mont Pleasant, Oneida and Central Park and Keane Elementary. We also operated a Job Junction employment program running Workforce Innovation and Opportunity Act (WIOA In and Out of School) programs.

Due to the COVID-19 pandemic we offered different engaging opportunities for our members during the summer of 2020. Camp Lovejoy and the Summer Program at the Rotterdam Club (SPARC) did not open due to bussing and safety issues. Therefore, we offered our summer “camp” at the Adeline Wright Graham Clubhouse. The City of Schenectady did not open the pools operated annually by BGCS, but called on us to expand enrichment programs to seven parks all across the City at Central Park, Steinmetz Park, Woodlawn Park, Hillhurst Park, Wallingford Park and Tribute Park.

We offer a broad range of programs in five core areas:

- Education & Career Development
- Character & Leadership Development
- Health & Life Skills
- The Arts & Sports
- Fitness & Recreation

Boys & Girls Clubs of America and our Schenectady organization - What’s the Connection?

Boys & Girls Clubs of Schenectady is an affiliate member of Boys & Girls Clubs of America (BGCA). What does this mean for our local kids? Simply put, this relationship connects our organization to a national network of youth development professionals who are on the cutting edge of helping children find success in life. The BGCA umbrella also provides our local organization with wonderful branding tools which immediately invoke quality and trust in our services by thousands of parents and young people. The blue clasping hands logo is one of the most recognizable non-profit logos in the world. This is a very helpful tool when trying to raise over $2,900,000 annually to operate in 16 locations for over 11,000 kids! As a partner with BGCA, we have strict safety and financial management standards we must follow, have access to a myriad of quality training opportunities, can utilize a catalog of dozens of tested programs as well as the connection to a huge network of professionals in our field.

One misunderstanding regarding our relationship with BGCA is that it provides a great deal of funding to our organization. In reality, less than 3% of our annual budget comes directly from BGCA. Our relationship is primarily predicated on access to expertise, quality programming/training and branding that instills confidence in our customers and supporters.

The Need in Schenectady County during COVID-19

The Boys & Girls Clubs of Schenectady did not close for one day during this pandemic. When the state-wide mandatory shutdown went into effect, our main facility became the headquarters for COVID-19 emergency relief for the County. As soon as the shutdown was lifted, BGCS began serving children and families again both IN-PERSON & virtually (highlighted in this Annual Report).

The following are 2020 critical statistics:

- **16** Boys & Girls Clubs sites and extensions
- **144** Employed
- **264** Volunteers
- **725** Personal Care & Education Kits Delivered
- **44,888** Grab & Go Dinners Served
- **107,238** Meals & Snacks Served
Impact of Our Clubs!

The Boys & Girls Club Experience Provides Wonderful Outcomes for Our Members

As the Boys & Girls Clubs of Schenectady strives to achieve a greater impact for our young people, we work tirelessly at bringing the outcome-driven club experience to life. As part of the National Youth Outcomes Initiative (NYOI) through Boys & Girls Clubs of America, our organization focuses primarily on three areas that have been identified as critical to helping young people develop. They are:

- **Academic Success**
- **Good Character & Leadership**
- **Healthy Lifestyles**

The NYOI is the largest gathering of youth development data in the United States. We are proud to be part of this initiative as it helps us identify where we are doing great with our young people as well as areas we need to strategize for improvements.

**NYOI highlights for 2019-2020 Include:**

**Academic Success**
- 94% of our youth are on grade level for their age.
- 91% (ages 9-18 years old) expect to graduate from high school (National average is 65-70%).
- 86% report an expectation to attend college.

**Good Character & Citizenship**
- 92% report they have developed leadership skills.
- 91% have not been arrested or involved with the juvenile justice system.
- 90% report civic responsibility and concern for their community.
- 92% have set goals for their future.

**Healthy Lifestyles**
- 93% are engaged in physical activity at the Club.
- 98% abstained from all tobacco products.
- 96% abstain from the use of illicit use of prescription drugs.

**The Overall Club Experience**
- 94% of members believe that Club staff have high expectations for them.
- 81% report a better connection to adults.
- 86% report feeling recognized in their achievements.
- 89% of members feel a sense of belonging at BGCS.
Gyonni Winter

“I want to be a voice for those who are scared to speak out or who are not being heard!”

The Boys & Girls Clubs of Schenectady is proud to introduce Gyonni Winter, the 2020-2021 Youth of the Year. Gyonni is a senior at Schenectady High School and has been a member of the Steinmetz Boys & Girls Club since she was seven-years-old. Two words that best describe Gyonni are charismatic and hard working. While spending over 75 hours volunteering at the Club and in her community in 2020, Gyonni was also able to achieve stellar grades, serve as captain of the Varsity soccer team, Vice President of the senior class and a leader of Teen Advocacy Group (TAG), a group giving students of color a voice in school decisions.

Gyonni is part of the accelerated International Baccalaureate Program at Schenectady High School taking the most difficult courses offered to students. She has a 3.5 average and ranks 68th in a class of 642 students.

At the Steinmetz Boys & Girls Club, Gyonni serves as a Junior Staff member volunteer who works to help younger members with homework, develop their computer skills and leads them through various art projects. At any special event or family night you could find Gyonni in the kitchen preparing and serving meals. Additionally, she was an active member of the very important Real Talk program before the program ended in 2020. Real Talk was a program of the Alliance of Positive Health for high-risk teens. This youth-led and youth-driven prevention program was designed to have a positive impact on reducing or eliminating potential risky behaviors teens may engage in.

The Boys & Girls Club has helped Gyonni to find her voice and develop into a strong leader and role model for so many children. Over the years, the Club is where she has learned the importance of giving back to her community. One of her favorite projects was working on the design and building of a new playground at the Steinmetz community.

Gyonni plans to attend Buffalo University in the fall where she will major in Marketing and Business. With her pure drive and determination, it is safe to say we expect great things from Gyonni Winter.
Club Programs...a very busy and unique 2020

Club programming was never more needed than during the pandemic.

The 2020 year started out with excitement for the organization as the new Adeline Wright Graham (AWG) club opened for programming in January. Members of all clubhouses in Schenectady were beyond excited to take advantage of the opportunities their club had to offer. Daily attendance at all clubhouses grew steadily during January, February, and mid-March. During these months, the 21st Century Community Learning Center after-school programs, in partnership with Schenectady City School District, was serving students in Schenectady High School, the three middle schools and at Keane Elementary.

Programming was going so strong…but no one could have predicted the drastic change that was about to occur.

On March 15th the COVID-19 pandemic changed everything. Our organization immediately pivoted the in-person clubhouse program to virtual programming using Zoom Pro, Google Meets, Kahoot, virtual field trips and other vehicles to engage youth. Snack and dinners at the Club also changed to a “grab and go” hot dinner program. The Clubs never missed one single day of activities for the members. Kits were provided to be used at home and kept by youth instead of program supplies at the club. Communication was maintained with parents and members via Facebook, Twitter, texts, email and phone calls on a regular basis. Staff also performed skits through Tik Tok and other social media to engage youth and to promote virtual programming.

Virtual programming included high-yield learning games, Science, Technology, Engineering, Arts and Mathematics (STEAM) programs, the arts, fitness, cultural enrichment, health, nutrition and decision-making. Families were kept abreast of daily programs through posts on social media and via phone and text conversations. Directors safely delivered kits to the homes of enrolled members which included smile grams, STEAM kits, game cards for scheduled Zoom sessions and other program supplies. These kits helped staff stay connected to each member and increased participation in virtual programming. Those who were engaged and participating in virtual programming were excited to return to in-person programming. Once New York State gave permission for in-person programming, over 450 kids were brought back for exciting in-person experiences starting in July. This was offered while following a strict safety plan approved by the Department of Health.
Summer Programming

Summer Program at AWG

It was a very exciting and safe summer for kids at the Boys & Girls Clubs. All members in the Summer Program at the AWG Clubhouse stayed in pods of ten, interacting only with their own pod. Each member was given their own supplies and all safety protocols followed (temperature checks, masks, sanitation, hand washing, social distancing). The Summer Program at AWG lasted for seven weeks and had 129 different children registered. On July 6th, families began driving or walking up with campers to the check-in tables at AWG where emotions ranged from excited, nervous, cautious, but ready to have a great summer with their friends. Every morning campers arrived, they were greeted by program staff, temperature checked, and screened, allowing staff to monitor the health of all campers who entered the program.

The first day of the Summer Program was unusually quiet, nothing like a typical first day at Camp Lovejoy. It was visible that the youth had been cooped up in their homes for three months. Some were hesitant to socialize with their peers or adults, while others were adjusting to wearing a mask, or a combination of all three. As the days progressed, youth became more comfortable with their pods and wearing a mask. The fun and games, conversations, and laughter started to ignite and filled the AWG clubhouse with life. It was a delightful contrast to the empty rooms.

Even though the Summer Program looked different, BGCS provided quality programs and incorporated many fun activities. Twice per week campers participated in art, STEAM, gym, computer room, and gameshow activities. Daily, campers visited the games room where they could be seen playing socially distanced games and challenges. In art, they explored their emotions and feelings through projects. They used different mediums including collage, paint, sculptures, and drawings to express themselves. In STEAM, campers completed challenges such as building a launcher, robotic hand, volcanos, studying density, and habitats. Gym was the ideal place where campers were able to get their energy out at an appropriate distance. Through technology, campers learned how to create a brand, design a logo, and navigate Microsoft Office. Not only did the Club provide an array of programming, but thanks to The Schenectady Foundation, 6,000 nutritious lunches and snacks were served to the campers. Schenectady Job Training Agency also had 18 teens, ages 14-18, working at AWG as Counselor in Training (C.I.T.’s) or helping keep the Club clean and sanitized.
Summer Programs at City Parks

When the City of Schenectady decided not to open the pools during the summer of 2020 due to COVID-19, the Boys & Girls Clubs was called upon to expand the number of enrichment programs offered in the City parks. The Club safely operated six programs in the following neighborhoods around the City: Hillhurst Park in Bellevue, Wallingford Park in Mont Pleasant, Central Park, Tribute Park on Eastern Ave, Woodlawn Park, and Steinmetz Park on the Northside. Wonderful enrichment programs were enjoyed by 323 different youth including Arts & Crafts, Healthy Habits, STEAM, sports, fitness, fine arts, high yield learning games, Reading Club, math, English enrichment, water games, Character Education and prevention programs. Each park also offered many unique special events and activities such as carnivals, talent shows and environmental projects.

To close out the summer with a bang, the park programs concluded with a special party with pizza, chips, drinks and cookies at each park. Each child received a Stewarts gift card and certificate. Additionally, each youth received a backpack filled with school supplies thanks to some very special partners. The Boys & Girls Clubs of Schenectady was very fortunate to be able to offer a fun and safe summer experience for the youth where many new friendships and happy memories were made.

School Year Programming

In September, all clubhouses opened earlier in the day to accommodate the flexible student schedules that were occurring due to COVID-19. With many students being bussed to the Clubs, staff worked to help them complete schoolwork. It cannot be understated, the Club set up virtual classrooms for those students unable to attend school in person. This was instrumental in keeping them on their learning schedule. The Boys & Girls Clubs of Schenectady is very proud to have been able to assist with this most critical need. Staff made sure that every young person was on time for their virtual classes with their teachers daily. In addition, staff had to take on the roles of teacher, technology specialist and motivator to help the members/students who were completing their school day assignments at the clubhouses. The students faced many challenges and needed much assistance from Club staff to understand and complete assignments as well as work through technology issues. Members looked forward to the end of the school day so they could enjoy the many fun enrichment activities the Clubs have to offer.

Additionally, the Schenectady City School District selected the 21st Century Community Learning Center programs, a partnership with the Boys & Girls Club, as the virtual model for 3rd-12th graders enrolled in the program. This program continued to offer enrichment and academic programs virtually to the high school, three middle schools, and Keane Elementary students. Students would log into their classroom daily where they were offered a variety of activities in which to participate. Art classes, yoga, virtual sports and games were especially popular. Kits were distributed regularly to every 21st Century members’ home to join the daily scheduled activities. Family nights and field trips took place virtually. Students were able to share meals virtually, whether it was cooking with the chopp program or enjoying a laugh and snack while watching a movie together.

Although 2020 brought new challenges to programming, the Boys & Girls Clubs of Schenectady continued to offer members learning, fun and engaging activities while also addressing the most critical social/emotional needs exacerbated by the pandemic.
Boys & Girls Club Stands Tall with Partners Providing COVID-19 Relief

During times of great need, strong communities come together to help those who are most vulnerable. The COVID-19 virus, the worst pandemic in over 100 years, certainly created great need for so many in the Schenectady community. Under enormous pressure to assess, strategize and identify the best ways to help those in need, a beautiful coalition was formed that helped so many during the early, and most terrifying days of the pandemic.

For 15 weeks, at the height of the first wave of COVID-19, the newly opened Adeline Wright Graham Boys & Girls Club (AWG) facility became headquarters for the Schenectady County COVID-19 Emergency Response Coalition. The coalition was made up of multiple Schenectady County departments, The Schenectady Foundation, The Northeast Regional Food Bank, the National Guard and over a dozen non-profits who worked tirelessly to address, in real time, key needs such as food insecurity, financial assistance, crisis intervention, child-care for essential workers, domestic violence interventions, etc.

At the Club, the Coalition, led by Schenectady County and The Schenectady Foundation, set up an emergency Hotline/Call Center, Data Center, strategy rooms and a huge staging/distribution center of vital supplies out of the gymnasium. The hotline/call center was in constant motion with thousands of calls coming in from the community looking for help.
The data center took all of the information collected during the hotline calls and developed a database that was able to cull the information and create a delivery strategy for supplies and goods to reach those in need. The gymnasium was filled with pallets of food, essential needs such as toiletries, baby formula, diapers, Personal Protective Equipment (PPE), pet food, etc. that went into “Life Bags”. Each Life Bag was put together based on the needs identified during the call to the hotline and contained three to four days of emergency food and other key supplies. Each bag was then delivered to the doorstep of those who requested the assistance. Deliveries were very organized and handled by a myriad of organizations, businesses and volunteers from SICM to MVP Healthcare to the National Guard, to name a few. Additionally, the coalition also helped people with financial assistance for rent and other critical needs, connected essential workers with children to childcare, etc. All told, when the coalition wrapped up, over 16,500 Life Bags were delivered into the community and hundreds of others received additional critical resources to help get through this very difficult time.

The Boys & Girls Club’s role in the coalition went well beyond simply providing the headquarters for all of this relief to occur. Club staff were part of the packing of the Life Bags every day. Club staff were also very busy working in the kitchen preparing 300 meals
daily for the Grab and Go Hot Dinner Program (detailed in this Annual Report) as part of the coalition. Club staff and volunteers would prepare, package and safely hand meals in front of AWG every afternoon in “grab and go” style to anyone from the community who walked or drove up. Additionally, meals were delivered into the Rotterdam community every evening. Over 40,000 of these meals were distributed in total in concert with the coalition.

The Boys & Girls Clubs of Schenectady is proud of all that the coalition accomplished when the community needed the most support. It was an honor to partner with so many amazing organizations, businesses, foundations, volunteers and county departments as it was truly a moment that demonstrates how working together provides better outcomes for the community. The Boys & Girls Clubs of Schenectady views the emergency response to the pandemic as one of its finest moments.
Boys & Girls Clubs of Schenectady Provides Over 40,000 Hot Meals During COVID-19

In a year unlike any in our lifetime, 2020 provided a series of critical challenges. For many, the most serious of those challenges was how to provide food for their family. Not only had the pandemic stopped the flow of resources necessary to purchase food, but the shelves in most stores were bare when it came to many essentials. On March 23, just after the mandated state-wide shutdown, the Boys & Girls Clubs of Schenectady began addressing the immediate food needs of community members with a nightly Grab & Go Hot Dinner program in front of the Adeline Wright Graham Boys & Girls Club (AWG).

While most people were in quarantine during the most terrifying first wave of the pandemic, Boys & Girls Clubs staff were in the kitchen at AWG every morning prepping and cooking over 300 meals for the program. Every evening, additional staff and volunteers were standing in front of AWG handing the meals out to families who would either walk or drive up. The meals were all USDA certified complete with entrée, vegetable, dinner roll, milk and fruit. They were generously portioned hot dinners on a menu that consisted of meals such as Shepherd’s Pie, hot turkey and mashed potatoes, chicken and rice, pasta with meatballs, to name a few.

The families that took home meals were so thankful to have this option at such a difficult time. Club staff would often hear sentiments of heartfelt “thank you’s” from people who were just trying to navigate through these hard times. The hand-drawn picture on this page was given to the staff one evening from a very thankful child whose family had picked up meals on multiple occasions. It was clear that community members were thankful for the food and very appreciative of the staff who were also taking a risk by choosing to help others rather than remain secluded in quarantine.

The program ran from March 23rd- August 20th. Thanks to several funding sources such as the NYS Education Department, SEFCU- No Neighbor Hungry campaign, The Schenectady Foundation, the Regional Food Bank of Northeastern New York, and major gifts from Nan & Hugh Murphy to the Club at that time, over 40,000 nutritious and hot meals were provided free-of-charge to the community.
In spring of 2020, the Boys & Girls Clubs of Schenectady had so many decisions to make to continue to serve our kids, their families, and our community in the best way possible during a pandemic – something we never thought we would be facing in our lifetimes.

Not knowing what the summer would bring, we knew we had to move forward with a summer camp program and Campership Campaign to support it. We did not know how successful this effort would be when everything was so unknown, school had moved to distance-learning and the safety of kids, staff and the community was at the forefront of every decision.

While creating a COVID-19 Safety Plan for reopening with strict adherence to CDC guidelines and often above and beyond the recommended safety protocols, we executed the Campership Campaign, anticipating a potential substantial reduction in donors and amount raised.

We were grateful and humbled beyond belief at the outpouring of support. The Campership Campaign alone, raised more than $108,000 by the end of 2020! We felt empowered by the community support received when we were once again able to open our doors to kids and teens in early July.

Additionally, foundations, corporations, and generous individuals gave to our COVID-19 response efforts. The trust and loyalty of the supporters of BGCS was, and continues to be, beyond incredible!

In the fall of 2020, we had to face the challenge of not hosting our biggest annual fundraiser, the Fall Fling and Auction, which has been raising much needed funds for more than 30 years.

The Board of Directors of the Boys & Girls Clubs of Schenectady and the leadership of the BGCS Auxiliary once again reached out to our community of donors. We shared all that we had been doing to support kids, families and our community and we humbly asked for donations, even though we were not offering dinner or entertainment, to support our efforts and programming.

Once again, we were humbled by the generosity of individuals and businesses who generously supported this letter-writing campaign, allowing us to continue to provide a safe place to learn and grow during these incredibly challenging times.

The Boys & Girls Clubs of Schenectady is tremendously grateful for the generosity, support and trust that our community of individuals, foundations, and corporations have entrusted in us. The commitment of the Schenectady community to inspire and enable all young people, especially those who need us most, to reach their full potential as caring, productive, and responsible citizens is extraordinary.
**Boys & Girls Clubs of Schenectady**

**January 1, 2020 — December 31, 2020**

The Heritage Club
The Heritage Club is an elite society reserved for those people who have elevated the Boys & Girls Clubs of Schenectady to the level of family by making us part of their will and estate planning. Their planned gift ensures we will continue to have an impact in our community for years to come.

Great Futures Club
The Great Futures Club and Council are donor membership programs, which allow the Boys & Girls Clubs of Schenectady to have sustaining revenue to fund the life-enhancing and character development programs we offer to more than 12,000 youth each year. Our Club and Council members support our work to help young people in Schenectady create Great Futures with their ongoing monthly contribution.

Lifetime Giving Society
The Lifetime Giving Society honors these incredibly generous individuals who have cumulatively given more than $250,000 over their lifetime. These caring individuals are improving the future of our community by providing critical resources to help the Boys & Girls Clubs of Schenectady implement successful life-enhancing programming for the kids who need us most. It is with deep appreciation that we honor our Lifetime Giving Society members:

The 13th Annual Betty Kay & Jim Cullen Memorial Golf Classic held on August 24, 2020, was a bit different from years past. The tournament was moved from Mohawk Golf Club to the Albany Country Club and from a Friday to a Monday. Additionally, it was safely held in the midst of the COVID-19 pandemic. Great care and planning was taken to ensure the health and well-being of our golfers, staff, volunteers, and the staff of the country club. The tournament’s safe execution was vital as it was the only event fundraiser that Boys & Girls Clubs of Schenectady was able to hold in 2020 due to the pandemic.

Food and drinks seem to keep everyone coming back year after year, and this year was no exception. The warm and beautiful day began with a “grab and go” style breakfast packed individually into every golf cart. Out on the course, Buffalo Wild Wings provided an assortment of snacks and Frog Alley Brewery provided a tasting of their newest brews. The tournament’s traditional taco and margarita station was open on the course, and each golfer left with a BBQ dinner to go. Everyone respectfully followed CDC and State guidelines, maintained a six-foot distance between other golfers or staff and wore face masks while inside the country club.

Despite the uncertain times of a pandemic, amazing sponsors and donors, the tireless golf tournament committee, dedicated golfers, staff, and volunteers all came together to pull off a spectacular event. The event raised $16,500 for the organization!

It is with much gratitude that the Boys & Girls Clubs of Schenectady thanks all that helped make the 13th Annual Betty Kay & Jim Cullen Memorial Golf Classic a success! We look forward to seeing everyone on August 23, 2021, once again at the Albany Country Club for the 14th Annual Betty Kay & Jim Cullen Memorial Golf Classic!
